Tunnel Hill

Intro

Living in nearby Paducah, KY, I spent many days on the Tunnel Hill rails to trails.

I was fascinated by the old train trestles, the gorgeous scenery, and most of all, the dark, cool tunnel. Even though I knew that trains ran through it, I was always fearful of running into the wall... it seemed to narrow on you as you approached the middle.

After I ran my first 100 miler in 2004, I started to think of hosting a 100 on the Tunnel Hill State Trail. In 2014, we hosted our first.

What a great course it is, too! Fast! This Tunnel Hill course is proving itself to be the fastest hundred in not only the United States, but the World.

Unlike a track, you don't have to make your way around slower runners the whole day, or if you're slower, you don't have to move over for faster runners all day.

There are no altitude issues... elevation runs between 340' and 680' above sea level.

No humongous hills, in fact, no hills... instead a gentle 2% grade.

No roots, rocks, or indentions in the trail to contend with at night... this is a crushed limestone, smooth trail, with the occasional stick. (After all, it IS tree lined most of the way). And, we are having it in mid November to take out the hot, humid days.

This just seemed to be the perfect 100 miler for first time hundreds (and everyone wants to run 100 miles now, don't they? The same runners who, several years ago, were facing their first marathons).

It's also ideal for veterans to break that elusive 24 hour barrier, or for faster runners to finally crack 20 hours.

Annd... don't think that because it's a rails trail that it will be boring... nothing further from the truth... the trail cuts beautifully through gorgeous overlooks, using some very cool bridges. It'll leave you breathless

Thanks to Assistant Director, Jason Claunch, for his outstanding work in securing some of the best volunteers anywhere. River to River Runners Club, West Kentucky Runners Club, and the wonderful people of Vienna, IL and Johnson County and those at Tunnel Hill State Trail.

We're looking forward to being your host!

Steve Durbin - Race Director

Tunnel Hill

Charts

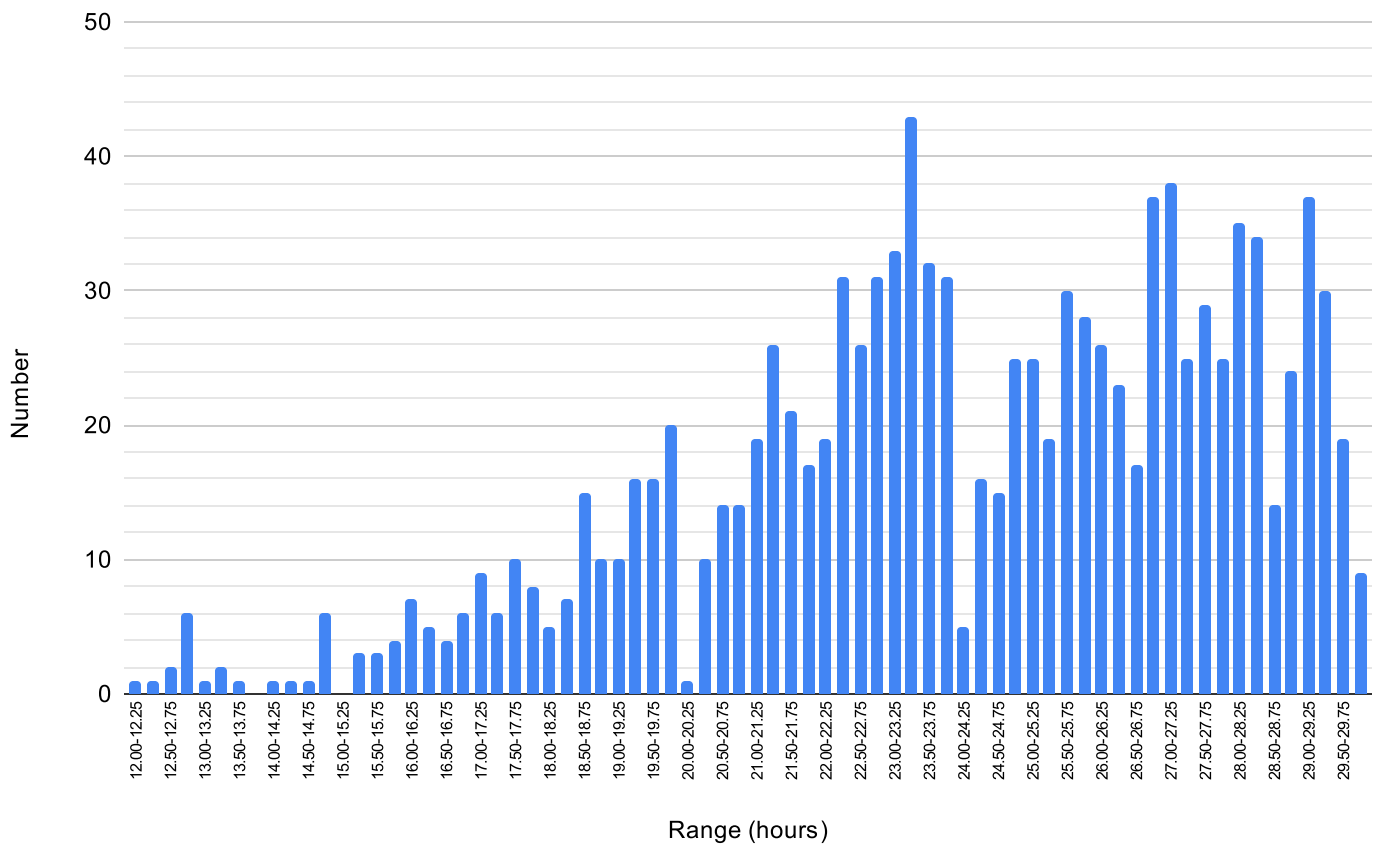

Tunnel Hill offers buckles for sub 24 hours and sub 20 hours. There are few finishers in the fifteen minutes after the buckle time limits; also at sub 13 and sub 15 hours.

48.7% of all finishers break 24 hours, with the average finish time being 24:05:01 (the median being 24:24:53).
